SUMMARY OF INFORMATION

During this session, viewer described a helicopter flying over water with a string coming down from the helicopter and may be pulling ^{OR EQUIPMENT} men out of the water.

Viewer also described several men on a smaller boat rowing. These men were non-American and were dressed in civilian clothes. These men were searching and could be pulling things out of the water also.

There is an object that comes down, opens up, comes down, opens up, comes down, reopens up and the word "yawing" phonetically surfaced as describing this activity.

Some type of activity or event will take place during the early morning hours (NEAR TERM - - *few days to few weeks*)

As far as the activity is concerned, emergency procedures will be followed.

There will be activity around business transactions and someone is trying to place someone in a predicament just to make them look bad.

Somehow the activities and operations involved here ~~are~~ ^(POLICY MAKING) concern ~~the~~ a political situation. If caught, there will be high visibility.

The words "Mustang" and "Sting Ray" phonetically surfaced as being applicable to the operations.

To answer the question "placement under the net", the word "match out" phonetically surfaced. The word "ridge" phonetically also surfaced to this question.

The word "brig" phonetically surfaced also.

SUMMARY OF INFORMATION

EXTENSIVE THOUGHT AND PLANNING IS BEING GIVEN TO THE PROPOSED DEPLOYMENT OF A MOBILE INFORMATION GATHERING SYSTEM. THIS SYSTEM APPEARS TO CONSIST OF AN ORBITING AIRCRAFT WHICH INTERCEPTS SIGNALS TYPE EMISSIONS AND RELAYS THEM TO A REMOTE, MOBILE GROUND STATION. THE GROUND STATION, IN TURN, RELAYS THE SIGNAL TO AN ORBITING SATELLITE. THE SATELLITE THEN RELAYS THE DATA TO A FIXED GROUND STATION WHERE THE INFORMATION IS ANALYZED AND EVALUATED (SEE SKETCH).

THIS SYSTEM IS PRESENTLY DEPLOYED NEAR THE AREA OF INTEREST AND COULD BE REDEPLOYED IN A MATTER OF DAYS, EVEN HOURS, TO THE AREA OF INTEREST. HOWEVER THE AREA OF INTEREST SHOULD BE CONSIDERED HOSTILE AND THE RISKS ARE HIGH.

THE AREA OF SPECIFIC INTEREST IS A PARCEL OF LAND BORDERED ON TWO SIDES, ROUGHLY EAST AND WEST, BY LARGE BODIES OF WATER (SEE SKETCH).

SUMMARY OF INFORMATION

The activity is a ceremony wherein people congregate for a demonstration to reach the immediate public. A well telecommunicated response will be included. Circumstances warrant a removal or cancelling of an energy circulating object which is engineered for travel. The object has circular beams, tape cassetts, and is climate controlled. The objective is that this is a chance for quick bargaining. The program involves changing something from conservative to contemporary (energy substitute). Estimates are involved to assure the circumstances are beneficial. Foreign industrialists are rendering procedures for a contemporary leader. Heads will be present and the commands will be persuaded to stick with the conservative means.
